Overview

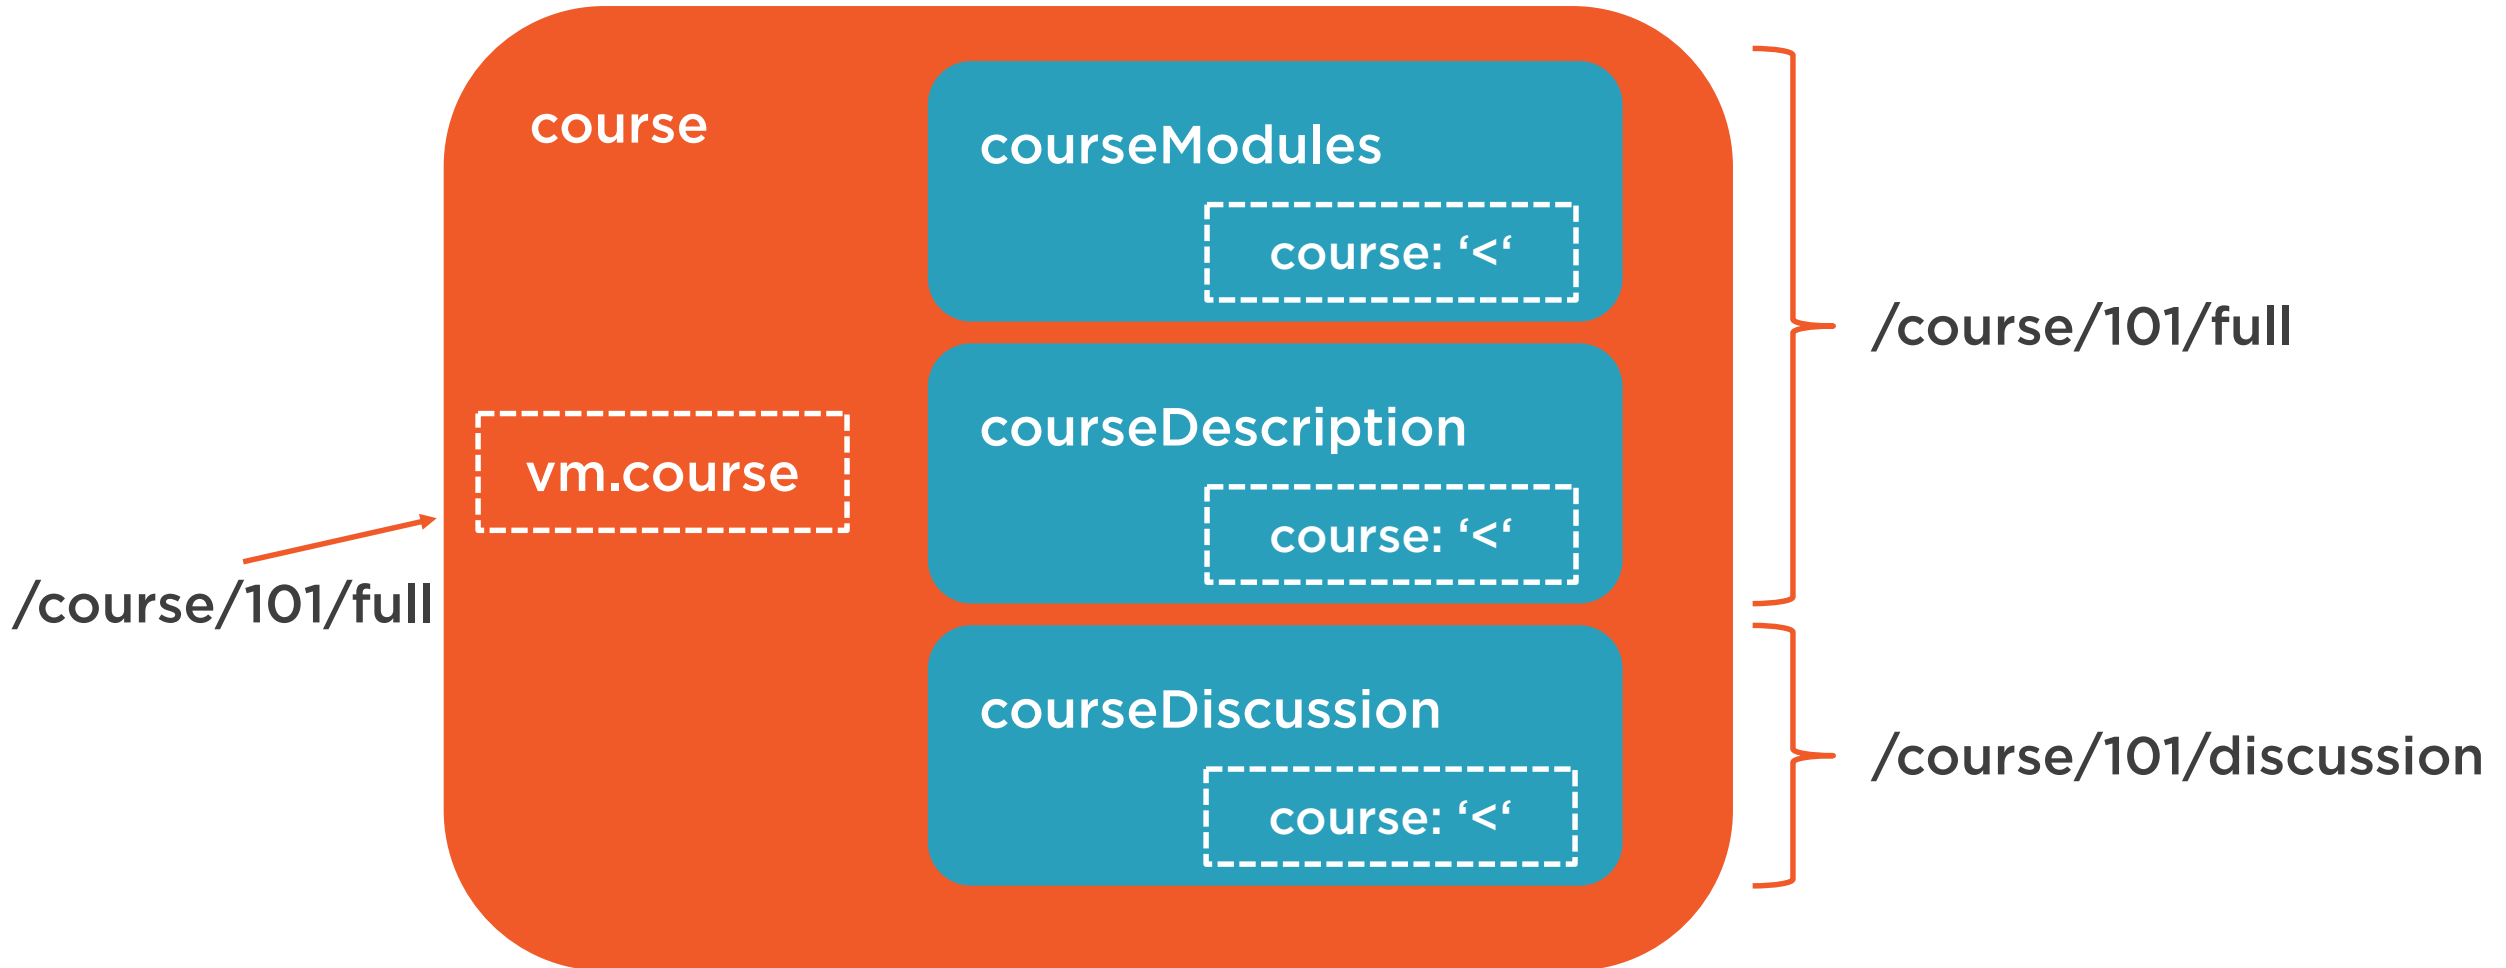

Finish out the “course” component

- Modules
- Description
- Discussion

More event raising

Authentication dependencies

Course Component

Demo

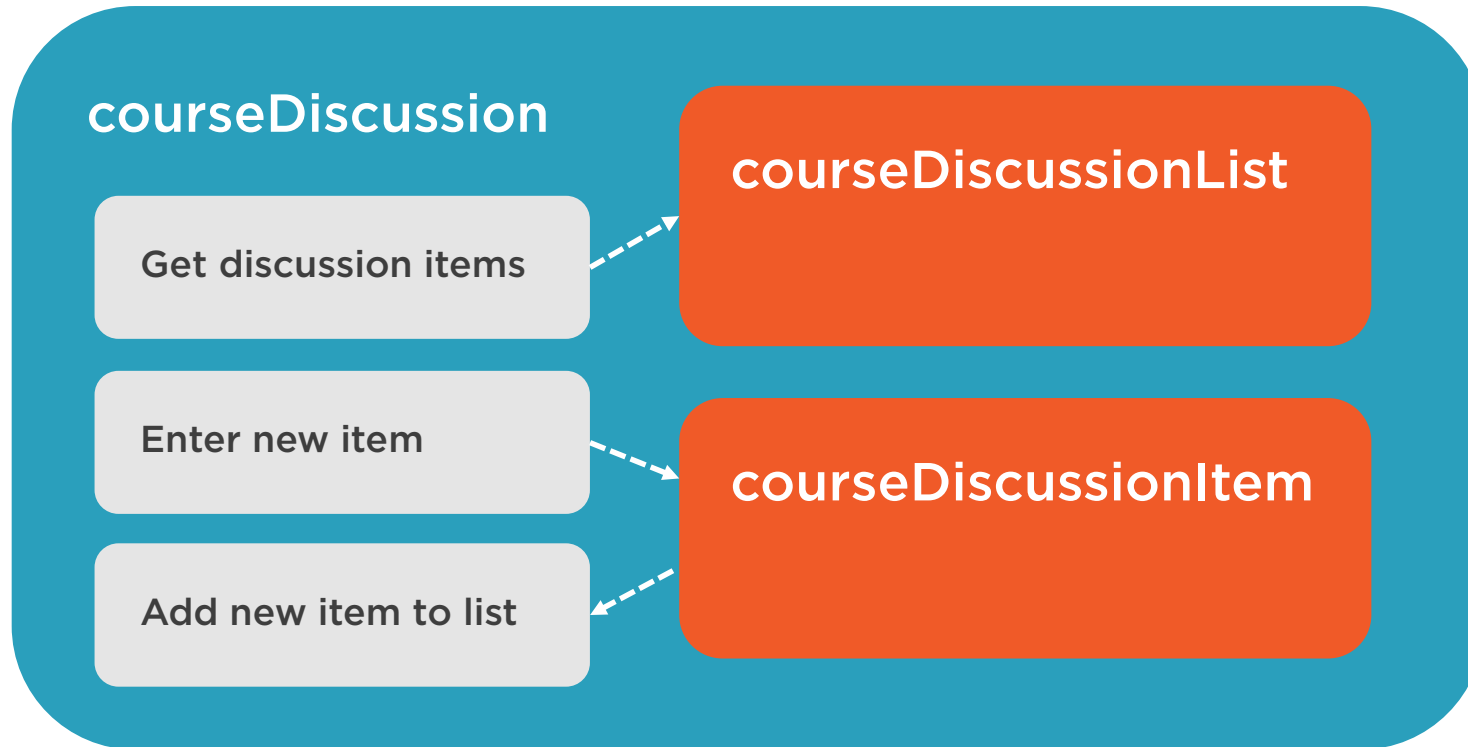

Develop course-modules
and course-description components

course-discussion to follow

Course Discussion

Course Discussion

courseDiscussion

```
vm.commentSubmitted {  
  ...  
}
```

```
vm.commentCanceled {  
  ...  
}
```

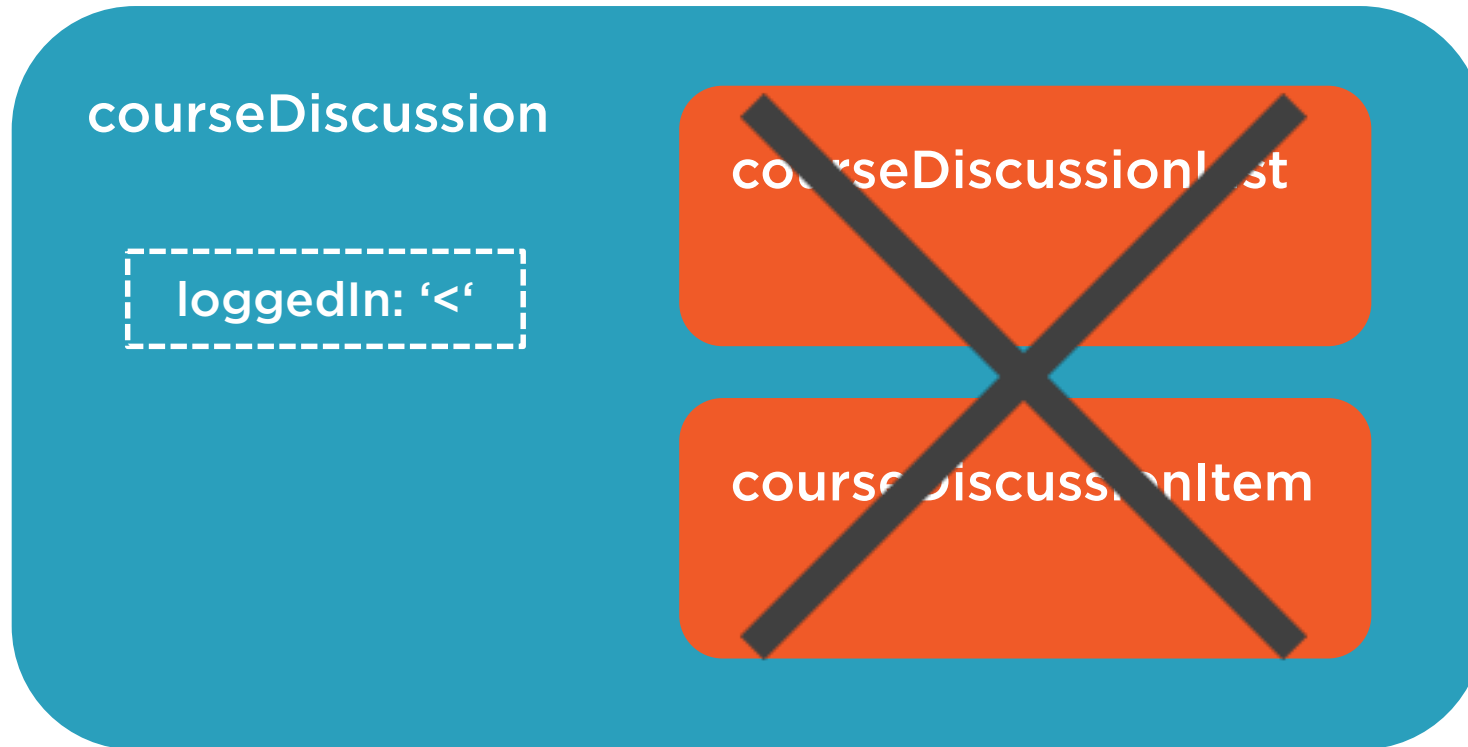

courseDiscussionList

courseDiscussionItem

- commentSubmitted: '&'
- commentCanceled : '&'

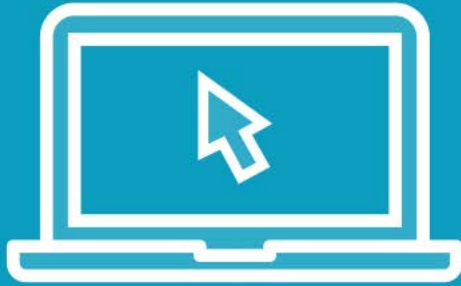

Security Dependency

`authenticationService.loggedIn`

Demo

Develop inner discussion components

- course-discussion-list
- course-discussion-item

Security dependency
